IMPROVEMENT OF TAUNTON RIVER.

Proposals will be received at his office until 12 M. on the 19th of this month for dredging a channel through the shouls in the Taunton river, commencing at a point called the "Needles," situated 35; miles below Taunton.

The channel is to be 60 feet wide and 45; feet deep at low water, involving an excavation at the Needles of about 4,000 ouble wards. The redging will be continued up the river until the whole amount available (\$10,00) is expended.

The material to be dredged is bard, compact gravel, intermitted with boulders.

The dredted material is to be deposited on the flats opposite Dichton, inside of "Grassy Island" or "Dighton Rock," or at The Hill Bend, or near the plers of the old bridge, provided that proper bulkheads be constructed at the two hast places to prevent the material being again washed into the channel.

Proposals must state the price per cubic yard for dredging and depositing the material in the places indicated. Also the price per cubic yard for the removal to the shore of all boulders that cannot be brought up by the shovel of the dredge.

Proposals must be endorsed on the envelope, "Proposals for Taunton River." Blank forms for proposals and guarantee, upon which all bids must be made out to insure consideration, can be obtained at this office upon application.
